

src/main/java/com/example
/gruppo04/HelloController.java

```
graph TD; A["src/main/java/com/example /gruppo04/HelloController.java"] --> B["javafx.fxml.FXML"]; A --> C["javafx.scene.control.Label"]
```

The diagram illustrates the imports used in the file `src/main/java/com/example/gruppo04/HelloController.java`. Two blue arrows point from the top box to the bottom boxes, indicating the source of the `FXML` and `Label` classes.

`javafx.fxml.FXML`

`javafx.scene.control.Label`
