```

This diagram illustrates the dependencies of the `MusicCatalog.java` interface. The interface is located at `src/main/java/com/example/gruppo04/interfaces/MusicCatalog.java`. It depends on four other classes: `com.example.gruppo04.observer.CatalogObserver`, `java.util.Collection`, `java.util.List`, and `java.util.UUID`. The dependencies are represented by blue arrows pointing from the interface to each of these classes.

com.example.gruppo04.observer.
CatalogObserver

java.util.Collection

java.util.List

java.util.UUID
